ForestryWorks

The ForestryWorks® team works closely with an extensive network of partners in eleven affiliated states to ensure ForestryWorks® is providing effective workforce solutions to fit the unique needs of the industry over multiple regions.

State Affiliate & Partner Organizations:

- Alabama Forestry Association
- Arkansas Forestry Association
- Calforests
- Georgia Forestry Foundation
- Kentucky Forest Industries Association Foundation
- Minnesota Forest Industries
- Mississippi Forestry Association
- Mississippi Lumber Manufacturers Association
- North Carolina Forestry Association
- South Carolina Forestry Commission
- Tennessee Forestry Association
- Texas Forestry Association
- University of Kentucky

Our Mission:

to create a sustainable pipeline of qualified workers for the forestry and forest products manufacturing industry for generations to come

TRAINING

The background image is a top-down view of several people's hands working on a project on a white surface. They are using markers to draw or label various types of leaves and plant parts. Some leaves are already drawn on paper, while others are being traced or labeled. There are also some small plant specimens in clear plastic trays at the bottom of the frame. The overall scene suggests a hands-on educational activity, likely related to forestry or botany.
